Arbor

Dear Parents and Carers,

As we continue to improve communication and streamline school processes, we would like to remind all parents and carers of the importance of signing up to **Arbor**, our school's online parent portal - https://login.arbor.sc/

If you have not already registered for Arbor, please do so as soon as possible.

Going forwards, we will increasingly be using Arbor to manage school activities, including:

- **School clubs** – Signing up for extracurricular clubs.
- **Educational visits** – Viewing trip information, providing consent and making payments where required.
- **Consent forms** – Completing permissions electronically.
- **Parents' consultations** – We intend to introduce online booking for future consultation appointments.

What are the benefits of Arbor?

- **Everything in one place** – Access important school information easily.
- **Quick and convenient** – Sign up for activities and complete consent forms in just a few clicks.
- **Accessible anytime** – Use the Arbor website or app whenever it suits you.
- **Secure online payments** – Pay for school activities where required.
- **Less paperwork** – Helping us reduce paper forms and become more environmentally friendly.

What do you need to do?

If you have already registered, thank you. We encourage you to download the **Arbor Parent App** if you have not already done so. If you have not yet registered, please do so as soon as possible to ensure you can access information and respond to requests relating to your child's school activities. Arbor can be accessed via its website or through the Arbor Parent App, available from the Apple App Store and Google Play Store.

If you need any support accessing your account, please contact the school office.

Thank you for your continued support as we work to make communication and school processes simpler and more convenient for everyone.

Kind regards,

Jonathan Hyde
